INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of

I have audited the accompanying financial statements of Developments in Literacy, Inc. (a nonprofit organization) which comprise the statement of financial position as of December 31, 2021, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Developments in Literacy, Inc. as of December 31, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

1. Summary of Significant Accounting Policies

Nature of Organization

Developments in Literacy, Inc. (“the Organization”) was founded in February 1997 as a California nonprofit public benefit corporation. The purpose of the Organization is to promote literacy and provide education to underprivileged children in Pakistan. The Organization’s support comes entirely from donor contributions.

Net Assets

Net assets and revenue, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Without donor restrictions – Net assets that are not subject to donor-imposed stipulations.

Without donor restrictions – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Organization and/or the passage of time. This also includes net assets subject to donor-imposed stipulations that must be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on related investments for general or specific purposes.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

Cash and cash equivalents include all monies in banks and highly liquid investments with maturity dates of less than three months.

Concentration of Credit Risk

The Organization occasionally maintains deposits in excess of federally insured limits. The risk is managed by maintaining all deposits in high quality financial institutions.

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities.

Note Receivable

Notes Receivable are carried at cost, net of any allowance for losses. The allowance for losses is based on the Organization's evaluation of the collectability of the note. Interest income on notes receivable are recorded on the accrual basis.

1. Summary of Significant Accounting Policies – (Continued)

Property and Equipment

Property and equipment are stated at fair value at the date of donation or at cost, if purchased. Depreciation is computed using the straight-line method over the estimated useful lives of ten years for furniture and equipment and five years for computers. It is the policy of the Organization to capitalize assets costing \$2,500 or more with a useful life exceeding one year.

Promises to Give

Unconditional promises to give (i.e. contributions) are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give (i.e. contributions) are recognized when the conditions on which they depend are substantially met.

Revenue Recognition

The Organization normally receives the majority of its revenues from donors at fundraising events. Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Contributions received with donor-imposed restrictions that are met in the same year in which the contributions are received are classified as contributions without donor restrictions.

Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as support with donor restrictions that increases that net asset class.

Leases

At lease inception, the Organization determines whether an arrangement is or contains a lease. Operating leases are included in operating lease right of use (ROU) assets, current operating lease liabilities, and noncurrent lease liabilities in the financial statements.

ROU assets represent the Organization's right to use leased assets over the term of the lease. Lease liabilities represent the Organization's contractual obligation to make lease payments over the lease term.

For operating leases, ROU assets and lease liabilities are recognized at the commencement date. The lease liability is measured as the present value of the lease payments over the lease term. The Organization uses the rate implicit in the lease if it is determinable. When the rate implicit in the lease is not determinable, the Organization uses its incremental borrowing rate at the commencement date of the

Leases (continued)

lease to determine the present value of the lease payments. Operating ROU assets are calculated as the present value of the lease payments plus initial direct costs, plus any prepayments less any lease incentives received. Lease terms may include renewal or extension options to the extent they are reasonably certain to be exercised. Lease expense is recognized on a straight line basis over the lease term. The Organization has elected not to recognize an ROU asset and obligation for leases with an initial term of twelve months or less. The expense associated with short term leases is included in rent expense in the statement of functional expenses.

Loan Payable

The Organization received a Paycheck Protection Program Loan (PPP). Management has elected to recognize forgiveable debt received from a government entity as debt until debt extinguishment occurs when the Organization is legally released from being the obligor. Upon legal release as obligor, the Organization will recognize the forgiven amount as other income in the statement of activities.

Income Taxes

The Organization is a not-for-profit organization, as described in Section 501(c)(3) of the Internal Revenue Code and corresponding state law. Accordingly, the Organization is exempt from federal and state income taxes. The Organization takes no tax positions that it considers to be uncertain.

Reclassifications

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Subsequent Events

Management has evaluated subsequent events through July 9, 2022 the date on which the financial statements were available to be issued. The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings. Therefore, the Organization expects this matter to continue to have a negative impact on its operating results. However, the related financial impact and duration cannot be reasonably estimated at this time.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC, *Fair Value Measurements* are described as follows:

The three levels of fair value hierarchy under FASB ASC, *Fair Value Measurements* are described as follows:

Level 1 -	Observable inputs that reflect quoted prices for identical assets or liabilities in active markets such as stock quotes.
Level 2 -	Includes inputs other than level 1 inputs that are directly or indirectly observable in the marketplace such as yield curves or other market data.
Level 3 -	Unobservable inputs supported by little or no market data, and require significant judgment or estimation. The Organization does not hold any level 3 financial instruments.

Fair value methods and assumptions on investments consisting of common stock, preferred stock, mutual funds and bond funds are based on the Level 1 market approach. The following table present the Organization's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis at December 31, 2021:
